## THE JOY OF PARENTING: A COMPREHENSIVE PARENTING GUIDE COVERING INFANCY TO ADOLESCENCE

Unicorn Books, New Delhi, India. Softcover. Book Condition: New. In the days of yore before the advent of television, the Internet and other extraneous influences, parenting was a simple task, especially in a joint family milieu. Today, bringing up children is a more arduous, complex and delicate task. The common-sense guidelines in this book will ensure you maintain just the right balance between firm and flexible parenting, as per the attitude, aptitude and ability of your child. Besides negative influences from the electronic media, children are especially vulnerable to peer pressure. How you handle your children during their formative years can make all the difference between having courteous, well-adjusted children who respect elders, peers and friends or being saddled with ill-mannered kids who are a law unto themselves. The book covers all the important aspects of childrearing to help you become a role-model parent. Printed Pages: 142.
