Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

Original publisher: Langley, Va. : National Intelligence Council, 2000 OCLC Number: (OCoLC)247433948 (OCoLC)47092702 (OCoLC)45591844 Subject: Twenty-first century -- Forecasts. Excerpt: . . . T () Hassignsmoresignificancetotheimportanceofgovernance, notably the ability of states to deal with nonstate actors, both good and bad. Tw () H pays attention both to the opportunities for coop-eration between governments and private organizations and to the growing reach of international criminal and terrorist networks. Tw () Hincludes a more careful examination of the likely role of science and technology as a driver of global developments. In addi-tion to the growing signigance of information technology, biotech-nology and other technologies carry much more weight in the present assessment. The effect of the United States as the preponderant power is intro-ducedin T () H. TheUSroleasaglobaldriverhasemergedmore clearly over the past four years, particularly as many countries debate the impact of US hegemony on their domestic and foreign policies. Tw () H provides a more complete discussion of natural resources including food, water, energy, and the environment. It discusses, for example, the over three billion individuals who will be living in water-stressed regions from North China to Africa and the implica-tionsforconict. Thelinkagebetweenenergyavailability, price, and distribution is more thoroughly explored. Tw () H emphasizes interactions among the drivers. For example, we discuss the relationship between S and T, military developments, and the potential for conict. In the regional sections, Tw () H makes projections about the impact of the spread of information, the growing power of China, and the declining power of Russia. Events and trends in key states and regions over the last four years have led us to revise some projections substantially in Tw () H. Tw ()...
