Anshan Ltd, United Kingdom, 2010. Paperback. Book Condition: New. 212 x 138 mm. Language: English . Brand New Book. The Royal College of Obstetrics and Gynaecologists has recently introduced extended matching questions (EMQs) into the format of their MRCOG Part 1 exam. All candidates need to sit this exam and therefore need to be well rehearsed in the art of answering such EMQs. This book gives the candidate 300 practice EMQs with answers and explanations for these answers. It is divided into 3 sections. The first section provides the essential knowledge each candidate must have - it deals with anatomy, physiology, embryology, endocrinology, epidemiology, molecular biology and genetics, all highly relevant in the RCOG syllabus. This information is supplied with the help of useful figures and illustrations which are included to assist greater understanding and help the candidate revise. Section two contains 300 questions, grouped in clusters per topic, and section three provides the answers, along with the relevant reasons for them. Dr Prabha Sinha is herself an examiner for the DRCOG and MRCOG Part 2 exam, and is therefore the perfect choice for supplying the requisite information in this book. Along with her two colleagues, she has produced an excellent revision guide that will be an invaluable resource for all MRCOG candidates.
