A. Royster, A. B., M. D., Raleigh, N. C., Professor of Gynecology, Medical Department, University of North Carolina: Gynecologist to Rex Hospital; Surgeon-in-charge, St. Agnes Hospital. While the occurrence of extra-uterine fetation was known to the ancients and although descriptions of very old authentic cases are on record, the subject was little understood before the treatise of Parry appeared in 1876, and no classification was possible prior to the work of Lawson Tait. Even up to a comparatively short time ago, the condition was considered rare and extraordinary. In the memory of physicians, just now in the prime of life, cases of ectopic pregnancy were formerly found few and far between, and much uneasiness was felt in their diagnosis and management. At the present time, however, medical literature is crowded with them, so that there is hardly a current journal but contains reports of such cases in some form or other, and scarcely an operator who does not present his share of them. This large number of cases is...
